

## NEW OUTWELL STORAGE SOLUTIONS PROVIDE MULTIFUNCTION VERSATILITY

Scandinavian outdoor specialist, Outwell, continues to invest in developing versatile storage solutions and introduces its new Sit 'N' Store concept in chic styles that will add understated form and function to any tent, caravan awning or motorhome drive-away.

The new products build on the popularity of the Cornillon Seat and Store M and L models introduced last year, to bring even more choice of practical designs that fold down when not in use. Their small packed size hides true multifunction use that provides a comfortable soft seat as well as handy storage that blends in with interior furnishings. Designed for use in damp conditions, the three new space-saving models are made from easy-clean polyester with a sewn-in base plate for rigidity when opened out with a maximum load capability of 100kg – making them ideal for living rooms where the additional seating can be used for unexpected guests and dining.

The latest additions comprise:

Dawlish High Seat and Storage (pictured right) that has a 34-litre capacity with a 44.5cm seat height.

Dawlish Low Seat and Storage (pictured left) that stores up to 22 litres with a seat height of 30cm.

Cornillon High Seat and Storage (pictured below right) that offers 37 litres of storage space with a 50cm seat height.

Finally, the 40-litre Barmouth Bedside Table (pictured below left) adds to the appeal by bringing the contemporary style into the bedroom. Folding flat when not in use, the unit allows you to organise bedtime essentials in three drawers that feature a sewn-in plate to maintain rigidity – even when handling a maximum of 2kg per drawer.
